GRANTS PASS—River Valley Community Church is bringing Worldview Academy's Christianity and Culture Conference youth and adult training program to Grants Pass, OR on April 30-May 1, 2010. The two-day seminar helps to prepare Christians for life and college.

According to Worldview Academy Executive Director Randy Sims, "*Many of our Christian youth and adults are unprepared to face an increasingly secular culture. Christians need the training necessary to stand firm in their faith in the classroom and in the culture.*"

At the seminar, attendees will learn about the various worldviews that compete with Christianity, become equipped with a biblical perspective on current issues, and learn how the Bible is practical and applicable to every area of life.

For more information concerning the Christianity and Culture Conference call The Church Office or Roger Haberman at 541-476-7761.
